

We are writing to inform you that our MySchoolBucks program fee will increase to \$3.50 for all cafeteria credit/debit card payments beginning on August 1st. The program fee for cafeteria electronic check payments will remain the same if e-checks are accepted. Additionally, the maximum meal payment limit will increase to \$150 per transaction.

Over the past year, our costs have continued to increase. This change to the program fee ensures we are able to continue providing the best and most secure online payment experience. This includes delivering exceptional live support for parent and administrative users, valuable enhancements across the MSB website and mobile app, and maintaining the highest levels of data security.

Thank you for your continued partnership. We look forward to working with you and your school community this coming school year. Please note that parents set up with automatic meal payments will be notified of this change via email by July 21st. If you have any questions, please contact our MySchoolBucks Admin Support team at 800.803.6755.

Regards,

Rosemary Orless  
VP, Heartland School Solutions
